

UCWL UDAIPUR CEMENT
WORKS LIMITED

SETTING THE STAGE FOR TOMORROW

ANNUAL REPORT 2020-21

UCWL UDAIPUR CEMENT WORKS LIMITED

Udaipur Cement Works Limited, is a subsidiary of one of the leading cement manufacturing companies of India, JK Lakshmi Cement Limited.

The Company has an integrated Cement Manufacturing unit with installed cement production capacity of 1.6 Million tonnes per annum (MTPA). Since its inception, the Company is committed towards boosting sustainability through adopting latest art of technology designs, resource efficient equipment and various in-house innovations. The Company has a 6 MW Waste Heat Recovery System that utilizes the waste heat of kiln and helps reducing the carbon footprint of the Company by 34058 tCO₂e per year and thereby saving 24724 tons of coal and 113529 KL of water compared to conventional thermal power plant.

Today the Company sources more than 48% of its power requirement from renewable sources of energy including 10 MW Solar Power Plant, which is estimated to be equivalent to plantation of about 45 Million Trees during its 25 years of effective life. This amount to saving of 3,00,210 Tons of CO₂ from the Environment.

The Company has done considerable work in the area of water conservation and stands certified at 2.76 times water positive. Instead of transporting limestone to cement plant through dumpers by road which would have generated more than 1557600 Kg of GHG on annual basis, the Company has installed a 6 km long Over Land Belt Conveyor (OLBC) to source raw material from its captive mine to the manufacturing plant that further adds value in gaining cost and environmental efficiency. With the blend of modern technology and rich legacy, UCWL manufactures world class cement under the brand name-Platinum Heavy Duty Cement. The cement is made using latest superior PSD Technology which provides a wide array of benefits to the consumers like 10% more volume, high initial strength, superior workability and fast setting.

PERFORMANCE

The Financial Year 2020-21 would go down as one of the most memorable year in the Company's history. The year as we all know started with continued lockdown from last month of the previous financial year on account of first wave of the global pandemic. Despite this lockdown upto 17th May 2020, when everything was looking too bleak, we could achieve a capacity utilization of 71% in the first quarter, thanks to rural demand and our ability to leverage the same. This performance gave us the hope and built enthusiasm in the team that despite uncertain year looming ahead, we can convert a tough situation into an opportunity and strive to achieve a good performance. Your Company precisely did the same and achieved still better.

During the year varying segments gave us opportunities at different times and we could grab all the possible opportunities because of effective coordination and agility of our teams, whether it is sales and marketing at the front end or manufacturing/support functions at the back end. During this pandemic year our Manufacturing/R&D team also developed one of the best premium products i.e. Platinum Supremo that we launched in March 21. The most satisfactory part is that in its very first month of launch, product has got very enthusiastic acceptance from our customers. This same customer satisfaction acts as tonic for us to bring further improvement in our portfolio of various products and services.

During Financial Year 2020-21, the Company's Cement Production & Sales stood at 9.64 and 9.66 Lakh tonnes respectively. Additionally, we sold 5.81 Lakh tonnes of Platinum Heavy Duty Cement through trading activities and 4.89 Lakh tonnes of clinker. Thereby, Company recorded an all-time High Sales of ₹ 737.66 Crores, showing a jump of 7% over sales of ₹ 686.88 Crores achieved in the previous Financial Year.

Your Company has been working very aggressively on various operational efficiency improvement levers. Financial Year 2020-21 has seen significant uptick in improvement in our geo and product mix besides improvement in our supply chain efficiency. In Financial Year 2020-21, despite significant diesel's price rise, Company has been able to contain its logistics cost by reducing its lead and improving its direct deliveries from Plant significantly. All these levers combined resulted into a healthy EBIDTA numbers for the Financial Year 2020-21 i.e. ₹ 151.28 Crores against ₹ 126.04 Crores achieved in the previous Financial Year, this corresponds to a satisfactory rise of 20 %. After providing for Interest, Depreciation & Tax, the Profit After Tax (PAT) for the Financial Year 2020-21 stood at ₹ 54.74 Crores as against ₹ 14.89 Crores recorded in the previous Financial Year, registering a rise of 268%.

Based on the stupendous performance of the Company during the Financial Year 2020-21, the Market Cap of the Company has also jumped from ₹ 234 Crores as of 31st March 2020 to over ₹ 800 Crores as on date.

PROGRESS OF THE PROJECTS & EXPANSION

As mentioned last year, the Company had taken up for implementation a De-bottlenecking & Balancing Scheme wherein the Clinker Capacity was being enhanced from 1.20 Million Tonnes to 1.50 Million Tonnes and the Cement Capacity from 1.60 Million Tonnes to 2.20 Million Tonnes by September 2021. Despite all adversities posed by the COVID-19 crisis, your Company has successfully commissioned the capacity augmentation Project. Some minor left out jobs are under progress and shall be completed as per the target.

Your Company, is also working towards installation of new Clinkerization Line and Grinding Unit at Udaipur. This shall boost Clinker Capacity by additional 1.5 Million Tonnes and Cement Grinding Capacity by another 2.5 Million Tonnes. After the completion of the Expansion, the Company's total Clinker Capacity shall be 3.00 Million Tonnes and Cement Capacity shall be 4.7 Million

Tonnes. This Project has an estimated capital outlay of ₹ 1,400 Crores and expected to be commissioned over a period of 3 years. The Company has received Environmental Clearance for the Project and other clearances like approval from the Airport Authority of India, Rajasthan State Pollution Control Board etc. are in process.

OUTLOOK FOR INDIAN ECONOMY, INDUSTRY STRUCTURE AND DEVELOPMENTS

In the just concluded Quarter of Jan to Mar' 2021, the demand recovery across the country was clearly visible and believing that the Covid disaster is behind us, the Industry was bracing itself to meet surge of demand in the new Financial Year. However, the Second Wave has hit us with a ferocity and suddenness that has taken the entire country completely unaware and unprepared, bringing us back to almost similar position which was experienced from 3rd week of March, last year or even worse in some markets.

The Second wave has given us a grim reminder that uncertainty, as we are presently experiencing is a likely situation that we are going to be in for some time to come. However, despite these uncertainties it is also obvious that deficiencies in the infrastructure and not just health even otherwise have added to woes of our country in the two Covid waves that we have witnessed and therefore as soon some semblance of normalcy is restored, correction of these deficiencies would assume top priority. Construction activities can therefore be one of the first economic activity to commence as soon this Wave subsides. So, while Q1 can be expected to follow more or less pattern of last year's Q1, the famed resilience our economy will propel Q2 and subsequent quarters to perhaps more than make up for shortfall in Q1.

We also expect that some of the behavioral changes induced by the pandemic would have long term impact on the composition of demand especially in residential and institutional sectors. Permanently, Work From Home being adopted in certain sectors would create the new market for low rise and larger residential units slightly away from the congested urban centers. This auger well for the Cement industry in the short to medium terms.

OPPORTUNITIES & THREATS

The pandemic has induced behavioural changes in the life and work styles; some of which may become permanent. Such changes are both opportunities and

threats for the industry. Work From Home is increasingly being adopted across various sectors in the industry so much so that a few of them have already announced this as a permanent option for their work force. This move on one hand would reduce the demand for large office spaces but at the same time would create the need for a larger homes for many families. Less visits to market place on one hand would reduce the need for retail space but at the same time would create the need for larger warehouses and redistribution centres. Developers and Builders will look forward to undertake a fewer projects but would strive to complete them fast and in defined time frame. These changes would call for a big change in the construction technologies, construction practices and products used in construction. 'Time Saved' shall now have a realistic tangible value assigned to it as the pressure to reduce Stock in Process and Working Capital locked in it, builds up.

RISKS AND CONCERNS

Since March'20, COVID-19 has impacted the Socio-Economic and Financial fabric of the economy, both at macro as well as at micro level. Due to pandemic, the Central Government reforms have not been able to fully unleash themselves to their full potential. Some of the projects will either remain deferred or postponed at least for the near future. Resources are getting dried up in combatting the pandemic and sustaining rather than growth. We see Construction and Real Estate as being one of the worst hit sectors. Globally, we see second wave badly hitting nations like us and some countries are now reeling under a third wave impact. To add to the woes, fuel/coal prices have seen exorbitant rise globally, thereby increasing variable costs. Distribution channels and supply chains in all sectors are hit. Needless to say, this has resulted in increase in input costs.

However, your Company through its prudent management and efficient and economic use of resources has managed to mitigate the risk and has been able to present the said financial results.

A lingering concern for the Cement Industry viz. High GST Slab of 28% does still remain. The Industry has already made several representations to the government in the past for reduction in the GST rates on Cement from 28% to 18%. In the backdrop of the slowdown of the Economy, the Industry is ever hopeful that the government will reduce the GST rate of Cement

which will help it to come out of this current difficult phase.

KEY CHANGES IN FINANCIAL INDICATORS

The Company concentrates on the more efficient and less carbon intensive green products by using waste material of other industries. The main products produced in the facility are: Clinker, Ordinary Portland Cement (OPC) and Pozzolana Portland Cement (PPC). For the Manufacturing of clinker, alternative Fuels derived from other industrial wastes are used as the replacement of fossil fuels like Coal, Petcoke etc.

In the Production of PPC Cement, other industrial waste materials such as Fly ash, Chemical Gypsum, Jarosite is used as the replacement of virgin raw materials. This product is not only less carbon intensive but also energy efficient too.

The Company has installed Waste Heat Recovery based Power Generation System (Green Energy) of 6 MW Capacity which replaces the coal based power generation by utilizing the waste heat. During the Financial Year 2020-21, WHRS mitigated approximately 30114769 kg CO₂eq. GHG Emission. Further, the Company seeks to optimize the power generation through various modifications/improvements.

The Company also started to utilize outsourced solar power based green energy for its operation, which also substitutes the coal based power generation and during the Financial Year 2020-21, it mitigated approximately 9910766 kg CO₂eq. GHG Emission.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

(a) Reduction during sourcing/production/distribution achieved since the previous year throughout the value chain?

The Company seeks to produce sustainable products for their consumers. The products are energy efficient in nature, made by less raw virgin material and without consuming water.

Consumption per unit of Product	FY 2019-20	FY 2020-21
Specific Heat Consumption (kCal/kg clinker)	729	727
Diesel Consumption for stationary combustion (kL)	17.34	13.93

(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

It is highly uncertain to consider the energy or water consumption used by the consumers as the cement product is used by diverse range of customers.

INDEPENDENT AUDITOR'S REPORT

TO

THE MEMBERS OF UDAIPUR CEMENT WORKS LIMITED,

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Udaipur Cement Works Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Director's Report including Annexure to Director's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the

accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material, if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Udaipur Cement Works Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **UDAIPUR CEMENT WORKS LIMITED** (“the Company”) as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial

controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of

changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE 1

Company Overview, Basis of Preparation & Significant Accounting Policies.

I. Corporate & General Information

Udaipur Cement Works Limited (“the Company”) is domiciled and incorporated in India and its Shares are publicly traded on the Bombay Stock Exchange Ltd. (BSE). The Registered Office of the Company is situated at Shripati Nagar, P.O.: CFA, Dabok, Dist.: Udaipur – 313 022 (Rajasthan)

The Company is a manufacturer and supplier of Cement and Cementitious products with manufacturing facilities in the State of Rajasthan. The Company’s Technical Service Cell provides construction solutions to its customers & carries out regular & innovative contact programmes with Individual House Builders, Masons and other Business Associates to keep in tune with their needs and requirements

These Financial Statements were approved and adopted by the Board of Directors of the Company in their meeting held on 15th May 2021.

II. Basis of Preparation of Financial Statements

(i) Statement of Compliance

The Financial Statements have been prepared in accordance with Indian Accounting Standards (IND AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 as amended time to time and relevant provisions of the Companies Act, 2013 and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III). The Financial Statements comply with IND AS notified by Ministry of Company Affairs (“MCA”). The Company has consistently applied the accounting policies used in the preparation for all periods presented.

(ii) Basis of Preparation

The significant accounting policies used in preparing the Financial Statements are set out in Note no. III of the Notes to the Financial Statements. Company’s Financial Statements are presented in Indian Rupees (₹), which is also its functional currency.

(iii) Basis of Measurement

The Financial Statements have been prepared on accrual basis and under the historical cost convention except for the items that have been measured at fair value as required by relevant IND AS.

(iv) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes in to account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

(v) Current & Non-Current Classifications

All Assets and Liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realisation in cash and cash equivalent, the Company has

determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(vi) Significant Accounting Judgements, Estimates and Assumptions

The preparation of these Financial Statements requires management judgements, estimates and assumptions that affect the application of Accounting Policies, the Accounting disclosures made and the reports amounts of Assets, Liabilities, Income and Expenses. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to Accounting estimates are recognised in the period in which the estimates are revised and any future periods effected pursuant to such revision.

III. Significant Accounting Policies

(1) Property, Plant and Equipment

The Company adopted optional exception under IND AS 101 to measure Property, plant and equipment at fair value as at 1st April 2015. Consequently, the fair value was assumed to be deemed cost of Property, plant and equipment on the date of transition. Subsequently, the Property, plant and equipment are carried at cost net of tax/duty credit availed, less accumulated depreciation and accumulated losses, if any. Cost includes expenses directly attributable to bringing the Asset to their location and conditions necessary for it to be capable of operating in the manner intended by the management.

Subsequent costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that is future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by the management, the cost of erection/ construction is transferred to the appropriate category of property, plant and equipment cost (net of income and including pre-operative cost / expenses) associated with the commissioning of an asset are capitalized until the period of commissioning has been completed and the asset is ready of its intended use.

Property, Plant and Equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.

Depreciation methods, estimated useful lives and residual value.

Depreciation is calculated using the Straight Line Method (SLM) to allocate their cost, net of their residual values, over their estimated useful lives as specified in Schedule II to Companies Act, 2013, except for captive power plant, Furniture & Fixtures, Office Equipment, Vehicles and Locomotives which is provided on Written Down Value Method (WDV) as per the said schedule.

The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit or Loss within other gains / (losses).

Depreciation on impaired assets is provided on the basis of their residual useful life.

(2) Investment Properties

Property that is held for long-term rentals yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. The Company adopted optional exception under IND AS

101 to measure Investment Property at fair value as at 1st April, 2015.. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Investment properties are depreciated using the Straight Line Method (SLM) over their estimated useful lives. The useful life has been determined based on technical evaluation performed by the management's expert.

The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

(3) Intangible Assets

Intangibles Assets are recognized if the future economic benefits attributable to the Assets are expected to flow to the Company and the cost of the asset can be measured reliably.

Internally generated intangibles, excluding capitalized developments costs, are not capitalized and the related expenditure is reflected in Statement of Profit and Loss in the period in which the expenditure is incurred.

The useful lives of Intangibles Assets are assessed as either finite or indefinite. The amortization period and the amortization method for an Intangible Asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible Asset with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the Intangible Asset may be impaired.

Intangible Assets are amortized as follows:

- Computer Software : Over a period of five years

Intangibles Assets with indefinite useful lives, if any are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite life is made on prospective basis.

Gain or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(4) Research and Development Cost

Revenue Expenditure on Research and Development is charged to Statement of Profit and Loss and Capital Expenditure is added to Property, plant and equipment.

However, Development expenditure on new product is capitalized as intangible asset.

(5) Inventories

Inventories are carried in the balance sheet as follows :

- a) Raw materials, packing materials, construction Materials, stores & spares. : At cost, on weighted average basis.
- b) Work-in Progress – Manufacturing : At lower of cost of material, plus appropriate production overheads and net realizable value.

- c) Finished goods – Manufacturing : At lower of cost of materials plus appropriate production overheads and net realizable value.
- d) Finished goods – Trading : At lower of cost, on weighted average basis and net realizable value.

The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. Slow and non-moving material, obsolete, defective inventories are duly provided for and valued at net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(6) Cash and Cash Equivalents

Cash and Cash Equivalents includes cash on hand, deposits held at call with Banks / Financial Institutions, other short-term, highly liquid investments which are subject to an insignificant risk of changes in value.

(7) Impairment of Assets

The carrying amounts of Property, Plant & Equipment, Intangible Assets and Investment Properties are reviewed at each Balance Sheet date to assess impairment, if any, based on internal / external factors. An impairment loss is recognised, as an expense in the Statement of Profit & Loss, wherever the carrying amount of the Asset or Cash Generating Unit (CGU) exceeds its recoverable amount. The impairment loss recognised in prior accounting period is reversed, if there has been an improvement in recoverable amount in subsequent years. Recoverable amount is determined :-

- In the case of an Individual Asset, at the higher of the Fair Value less cost to sell and the value in use; and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit's fair value less cost to sell and the value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, and appropriate valuation model is used.

These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

(8) Foreign Currency Translations & Transitions

(i) Functional and Presentation Currency

The Company's financial statements are presented in INR, which is also the Company's Functional and Presentation Currency.

(ii) Transaction and Balance

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary Assets and liabilities related to foreign currency transactions are stated at exchange rate prevailing at the end of the year and exchange difference in respect thereof is recognised to Statement of Profit & Loss.

(9) Financial Instruments.

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Financial Assets

1.1 Definition:

Financial Assets include Cash and Cash Equivalents, Trade and Other Receivables, Investments in Securities and other eligible Current and Non-Current Assets.

At initial recognition, all financial assets are measured at fair value. The classification is reviewed at the end of each reporting period.

(i) Financial Assets at Amortised Cost

At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortized cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortization is included as interest income in the statement of profit or loss. The losses arising from impairment are recognized in the Statement of Profit or Loss.

(ii) Financial Assets at Fair value through Other Comprehensive Income

At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in Other Comprehensive Income (OCI). Interest income calculated using the effective interest rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognized in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.

(iii) Financial Assets at Fair value through Profit or Loss (FVTPL)

At the date of initial recognition, Financial assets are held for trading, or which are measured neither at Amortized Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in the Statement of Profit and Loss.

1.2 Trade Receivables

A Receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. For some trade receivables the Company may obtain security in the form of guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

1.3 Investment in Equity Shares

Investment in Equity Securities are initially measured at cost. Any subsequent fair value gain or loss is recognized through Statement of Profit and Loss if such investments in Equity Securities are held for

trading purposes. The fair value gains or losses of all other Equity Securities are recognized in Other Comprehensive Income.

1.4 Derecognition of Financial Assets

A Financial Asset is primarily derecognized when:

- The right to receive cash flows from asset has expired, or
- The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a “pass-through” arrangement and either:
 - a) The Company has transferred substantially all the risks and rewards of the asset, or
 - b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset or has entered into a pass through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company’s continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

2. Financial Liabilities

2.1 Definition:

Financial liabilities include Long-term and Short-term Loans and Borrowings, Trade and Other payables and Other eligible Current and Non-current Liabilities.

(a) Initial Recognition and Measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company’s financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

(b) Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below :

i) Financial Liabilities at Fair Value through Profit or Loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

ii) Financial Liabilities measured at Amortized Cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at

amortized cost using the effective interest rate method ("EIR") except for those designated in an effective hedging relationship. The carrying value of borrowings that are designated as hedged items in fair value hedges that would otherwise be carried at amortized cost are adjusted to record changes in fair values attributable to the risks that are hedged in effective hedging relationship.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the Statement of Profit and Loss.

2.2 Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

2.3 Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount initially recognized less cumulative amortization.

2.4 Trade and Other Payables

A payable is classified as trade payable if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

2.5 De-recognition of Financial Liability

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other income or finance costs.

3. Offsetting of Financial Instruments

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

4. Derivative Financial Instruments

The Company uses derivative financial instruments, such as forward contracts and interest rate swaps to hedge its foreign currency risks and interest rate risks. Derivative financial instruments are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value at the end of each period. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, on the nature of the item being hedged. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

5. Compound Financial Instruments.

The liability component of a compound financial instrument is recognised initially at fair value of a similar liability that does not have an equity component. The equity component is recognised initially as the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. Any directly attributable transaction costs are allocated to the liability and the equity components, if material, in proportion to their initial carrying amounts.

Subsequent to the initial recognition, the liability component of a compound financial instrument is measured at amortised cost using the effective interest rate method. The equity component of a compound financial instrument is not re-measured subsequent to initial recognition except on conversion or expiry

(10) Grants

Grants from the Government are recognised when there is reasonable assurance that all underlying conditions will be complied with and that the grant will be received.

When loans or similar assistance are provided by Government or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. That grant is recognised in the Statement of Profit and Loss under 'other operating revenue'. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

Government grants related to assets, including non-monetary grants at fair value, are presented in the balance sheet by recording the grant as deferred income which is released to the Statement of Profit and Loss on a systematic basis over the useful life of the asset.

Grants related to income are recognised as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate and are presented as 'other operating revenues'.

(11) Equity Share Capital

Ordinary shares are classified as equity. Incremental costs net of taxes directly attributable to the issue of new equity shares are reduced from retained earnings, net of taxes.

(12) Provisions, Contingent liabilities, Contingent Assets and Commitments

i) General

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be

required to settle the obligation and a reliable estimate of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- A present obligation arising from past events, when no reliable estimate is possible:
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitments include the amount of Purchase Order (net of Advances) issued to parties for Completion of Assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

ii) Other Litigation Claims

Provision for litigation related obligation represents liabilities that are expected to materialize in respect of matters in appeal.

iii) Onerous Contracts

A provision for onerous contracts is measured at the present value of the lower of expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Company recognizes impairment on the assets with the contract.

(13) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

i) Sale of Goods

Revenue is recognized upon transfer of control of promised goods or services to customers at transaction price (net of taxes and duties), arrived at by determining the fair value of the consideration received or receivable after adjusting returns, allowances, trade discounts, volume discounts etc. in exchange of goods or services.

Taxes collected on behalf of the government are excluded from revenue. Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably

ii) Power Distribution

Revenue from Power Distribution business is accounted on the basis of billings to the customers and includes unbilled revenues accrued up to the end of accounting year. Customers are billed as per the tariff rates issued by Electricity Regulatory Commission.

iii) Dividend Income

The Company recognises as income, when the Company's right to receive dividend is established, which is generally when it is approved by the shareholders, except in case of interim dividend which is authorised when it is approved by the Board of Directors.

iv) Lease Incentives

Lease Agreements where the risk and rewards incidental to the ownership of an asset substantially vest with the lessor are recognized as operating leases. Leases rentals are recognized on straight –line basis as per the terms of the agreements in the statement of profit and loss.

v) Interest Income

For all Financial instruments measured at amortized cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in statement of profit and loss.

vi) Renewable Energy Certificate

Renewable Energy Certificate (REC) benefits are recognized in Statement of Profit & Loss on Sale of REC. Income from Sale of RECs is recognized on the delivery to the Customers' account.

vii) Export Benefit

Export incentives, Duty drawbacks and other benefits are recognized in the Statement of Profit and Loss on accrual basis.

(14) Employees Benefits

i) Defined Contribution Plans

Contributions to the employees' regional provident fund, superannuation fund, Employees Pension Scheme and Employees' State Insurance are recognized as defined contribution plan and charged as expenses during the period in which the employees perform the services.

ii) Defined Benefit Plans

Retirement benefits in the form of Gratuity and Leave Encashment are considered as defined benefit plan and determined on actuarial valuation using the Projected Unit Credit Method at the balance sheet date. Actuarial Gains or Losses through re-measurement of the net obligation of a defined benefit liability or asset is recognized in Other Comprehensive Income. Such re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

The Company makes contribution towards provident fund which is administered by Employees' Provident Fund Organisation, Government of India.

iii) Short-term Employee Benefits

Short term benefits are charged off at the undiscounted amount in the year in which the related service is rendered.

iv) Long-term Employee Benefit

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date. Annual leaves can either be availed or encashed subject to restriction on the maximum accumulation of leaves.

v) Termination Benefits

Termination benefits are recognized as an expense in the period in which they are incurred.

The Company shall recognize a liability and expense for termination benefits at the earlier of the following dates:

- (a) When the entity can no longer withdraw the offer of those benefits; and
- (b) When the entity recognizes costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

(15) Borrowing Costs

- (1) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

The Borrowing Cost consists of Interest & Other Incidental costs that the Company incurs in connection with the borrowing of such funds.

- (2) For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.
- (3) All other borrowing costs are recognized as expense in the period in which they are incurred.

(16) Leases

16.1 Policy applicable with effect from April 1, 2019

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis from the commencement date over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its existing borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liabilities and Right-of-use assets have been presented as a separate line in the balance sheet. Lease payments have been classified as cash used in financing activities.

iii) Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases of all assets that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease.

16.2 Policy relating to leases till March 31, 2019

i) As a Lessee

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent

on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

Finance Lease

Finance Lease that transfer substantially all of the risks and benefits incidental to ownership of the leased item, are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance costs in the statement of profit and loss unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's policy on borrowing costs.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating Lease

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset. Payments under operating lease are recorded in the Statement of Profit and Loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

Leasehold lands are amortized over the period of lease.

ii) As a Lessor

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the recipients are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(17) Taxes on Income

a) Current Tax

- i) Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.
- ii) Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of

the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss.

Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

(18) Exceptional Items

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(19) Earnings Per Share (EPS)

i) Basic earnings per share

Basic earnings per share is calculated by dividing

- The Profit or Loss attributable to Equity Shareholders of the Company by the Weighted Average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and the Weighted Average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(20) Segment Accounting

The Company is engaged primarily into manufacturing of Cement. The Company has only one business segment as identified by management namely Cementitious Materials.

Segments have been identified taking into account nature of product and differential risk and returns of the segment. The business segments are reviewed by the Chairperson (Chief Operating Decision Maker).

The Chief Operational Decision Maker monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on each segments profit or loss and is measured consistently with profit or loss in the financial statements.

Notes accompanying the Financial Statements

37. Financial Risk Management Objectives and Policies.

The Company's Financial Risk Management is an integral part of how to plan and execute its Business Strategies. The Company's Financial Risk Management Policy is set by the Board. The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including foreign currency risk, interest rate risk and commodity risk etc.), credit risk and liquidity risk.

37.1 Market Risk: Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from change in the price of a financial instrument. The value of a financial instrument change may change as result of change in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments and deposits, foreign currency receivables, payables and loans and borrowings. Market risk comprises mainly three types of risk: interest rate risk, currency risk and other price risk such as equity price risk and commodity risk.

The Company has an elaborate risk management system to inform Board Members about risk management and minimization procedures.

a) Foreign Currency Risk: Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company makes certain imports in foreign currency & therefore is exposed to Foreign Exchange Risk.

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Foreign Currency Sensitivity.

The following table demonstrates the sensitivity to a reasonable possible change of US \$ with all other variable held constant. The impact on the Company's Profit / (Loss) before tax due to changes in Foreign Exchange Rate :

Particulars	₹ In Crore (10 Million)	
	As at 31.03.2021	As at 31.03.2020
Appreciation in USD	+ Rs. 0.25	+ Rs. 0.25
Effect on profit / (loss) before tax	-	(0.03)
Depreciation in USD	- Rs. 0.25	- Rs. 0.25
Effect on profit / (loss) before tax	-	0.03

b) Interest Rate Risk: Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by maintaining a proper blend of Fixed & Floating Rate Borrowings. The following Table shows the Company's Borrowings:

S.No.	Particulars	₹ In Crore (10 Million)	
		As at 31.03.2021	As at 31.03.2020
1	Loans in Rupees		
	- Fixed Rate	84.87	320.24
	- Floating Rate	484.90	246.79
	Total	569.77	567.03
2	Loans in USD		
	- Fixed Rate	-	-
	- Floating Rate	-	-
	Total	569.77	567.03

The Company regularly scans the Market & Interest Rate Scenario to find appropriate Financial Instruments & negotiates with the Lenders in order to reduce the effective Cost of Funding.

Interest Rate Sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on financial assets affected. With all other variables held constant, the Company's profit / (loss) before tax is affected through the impact on finance cost with respect to our borrowing, as follows :

₹ In Crore (10 Million)

Particulars	As at 31.03.2021	As at 31.03.2020
Increase in Interest in Basis Points	+ 25	+ 25
Effect on profit / (loss) before tax	(1.31)	(0.67)
Decrease in Interest in Basis Points	- 25	- 25
Effect on profit / (loss) before tax	1.31	0.67

The assumed movement in basis points for interest rate sensitivity analysis is based on the current observable market environment.

- c) Commodity Price Risk and Sensitivity:** The Company is exposed to the movement in price of key raw materials in domestic and international markets. The Company manages fluctuations in raw material price through hedging in the form of advance procurement when the prices are perceived to be low and also enters into advance buying contracts as strategic sourcing initiative in order to keep raw material and prices under check cost of material hedged to the extent possible.

37.2 Credit Risk:

Credit Risk arises from the possibility that counter party may not be able to settle their obligations as agreed. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade Receivable:- Customer Credit Risk is managed based on Company's established policy, procedures and controls. The Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and aging of accounts receivables. Individual risk limits are set accordingly.

The credit risk from the organized and bigger buyers is reduced by securing Bank Guarantees/Letter of Credits/part advance payments/postdated cheques. The Outstanding of different parties are reviewed periodically at different level of organization. The outstanding from the trade segment is secured by two tier security – security deposit from the dealer himself, and our business associates who manage the dealers are also responsible for the outstanding from any of the dealers in their respective region.

The Aging of Trade Receivables is as below:-

Financial Instruments and Deposits with Banks:

The Company considers factors such as track record, size of institution, market reputation and service standards to select the bank with which balances and deposits are maintained. Generally, balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant cash and deposit balances other than those required for its day to day operation.

37.3 Liquidity Risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due.

The Company relies on a mix of borrowings, and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowings facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

Maturity Profile of Financial Liabilities:

The following Table provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

38. Capital Risk Management:

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Company's ability to continue as a going concern in order to support its business and provide maximum returns for shareholders. The Company also proposes to maintain an optimal structure to reduce the cost of capital.

For the purpose of the Company's capital management, capital includes issued capital, preference shares and all other equity reserves. Net debt includes, interest bearing loans and borrowings, trade and other payables less cash and short term deposits.

Fair Valuation Techniques:

The Company maintains policies and procedures to value Financial Assets & Financial Liabilities using the best and most relevant data available. The Fair Values of the Financial Assets and Liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:-

1. Fair Value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
2. Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counterparty etc. Based on this evaluation, allowances are considered to account for the expected losses of these receivables. As at end of each reporting year, the carrying amounts of such receivables, net of allowances (if any), are not materially different from their calculated fair values.
3. Fair value of Investments in quoted mutual funds and equity shares are based on quoted market price at the reporting date. The fair value of unquoted Investments in preference shares are estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The fair value of unquoted Investments in equity shares are estimated on net assets basis.
4. Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
5. The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value Hierarchy:

The following table provides the fair value measurement hierarchy of Company's assets and liabilities, grouped into Level 1 to Level 3 as described below:

- i. **Level 1:** Quoted prices in active markets.
- ii. **Level 2:** Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly

For the year ended March 31, 2021	0.55	0.85
Actual return on plan assets	0.22	-

d) Recognized in Other Comprehensive Income

₹ In Crore (10 Million)

Particulars	Gratuity (Funded)
For the year ended March 31, 2020	
Remeasurements - actuarial loss/(gain)	0.84
For the year ended March 31, 2021	
Remeasurements - actuarial loss/(gain)	0.34

e) The principal actuarial assumptions used for estimating the Company's defined benefit obligations are set out below:

Particulars	As at year ended March 31, 2021	As at year ended March 31, 2020
Attrition rate	-	-
Discount Rate	6.50%	6.50%
Expected Rate of increase in salary	5.50%	5.00%
Expected Rate of Return on Plan Assets	6.50%	7.00%
Mortality Rate	100% of IALM (2012-14)	100% of IALM (2012-14)
Expected Average remaining working lives of employees (years)	17.89	17.13

The assumption of future salary increase takes into account the inflation, seniority, promotion and other relevant factors such as supply and demand in employment market. Same assumptions were considered for comparative period i.e. 2019-20.

f) Sensitivity analysis:

₹ In Crore (10 Million)

Particulars	Change in Assumption	Effect on Gratuity obligation	Change in Assumptions	Effect on Leave Encashment obligation
For the year ended March 31, 2020				
Discount rate	+0.50%	(0.13)	+0.50%	(0.11)
	-0.50%	0.14	-0.50%	0.12
Salary Growth Rate	+0.50%	0.13	+0.50%	0.09
	-0.50%	(0.12)	-0.50%	(0.08)
For the year ended March 31, 2021				
Discount rate	+0.50%	(0.17)	+0.50%	(0.13)
	-0.50%	0.18	-0.50%	0.15
Salary Growth Rate	+0.50%	0.17	+0.50%	0.12
	-0.50%	(0.16)	-0.50%	(0.11)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognized within the Balance Sheet.

g) History of experience adjustments is as follows:

OCI presentation of defined benefit plan

- Gratuity is in the nature of defined benefit plan, Re-measurement gains/(losses) on defined benefit plans is shown under OCI as Items that will not be reclassified to profit or loss and also the income tax effect on the same.

Presentation in Statement of Profit & Loss and Balance Sheet

- Expense for service cost, net interest on net defined benefit liability (asset) is charged to Statement of Profit & Loss.
- IND AS 19 do not require segregation of provision in current and non-current, however net defined liability (Assets) is shown as current and non-current provision in balance sheet as per IND AS 1.
- Actuarial liability for short term benefits (leave encashment cost) is shown as current and non-current provision in balance sheet.

- When there is surplus in defined benefit plan, Company is required to measure the net defined benefit asset at the lower of; the surplus in the defined benefit plan and the assets ceiling, determined using the discount rate specified, i.e. market yield at the end of the reporting period on government bonds, this is applicable for domestic companies, foreign Company can use corporate bonds rate.
- The Company assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The mortality rates used are as published by one of the leading life insurance companies in India.

NOTES:

- (1) The Statement pursuant to Section 102 of the Companies Act, 2013 (the Act) in respect of Item Nos. 3 to 6 of the Notice set out above, is annexed hereto.
- (2) In view of the COVID-19 pandemic, the Ministry of Corporate Affairs ('MCA') issued General Circular Nos.14/2020, 17/2020 and 20/2020 dated 8th April 2020, 13th April 2020 and 5th May 2020, respectively and by General Circular No. 02/2021 dated 13th January 2021, allowed the companies whose Annual General Meetings (AGM) were due to be held in the year 2020 or become due in the year 2021, to conduct their Meetings on or before 31st December 2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 ("MCA Circulars"). The Securities and Exchange Board of India ('SEBI') also issued Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated 12th May 2020, the validity of which has been extended till 31st December 2021 by SEBI, vide its Circular No. SEBI/HO/CFD/CMD2/CIR/P/ 2021/11 dated 15th January 2021 ("SEBI Circulars"). In compliance with these Circulars, provisions of the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the 25th AGM of the Company is being conducted through VC/OAVM facility, which does not require physical presence of Members at a common venue. The deemed venue for the 25th AGM shall be the Registered Office of the Company.
- (3) Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since, this AGM is being held through VC / OAVM pursuant to the MCA and SEBI Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM. Hence, Proxy Form and Attendance Slip including Route Map are not annexed to this Notice.
- (4) Institutional / Corporate Members (i.e. other than individuals, HUF, NRI, etc.) are required to send a scanned copy (PDF / JPG Format) of their respective Board or governing body Resolution / Authorization etc., authorizing their representative to attend the AGM through VC / OAVM on their behalf and to vote through E-Voting. The said Resolution / Authorization shall be sent at ucwl.investors@jkm.com.
- (5) The Members can join the AGM held through VC/OAVM fifteen (15) minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in this Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1,000 Members on first come first served basis. This will not include large Shareholders (holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
- (6) The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act, the Register of Contracts or Arrangements in which the Directors are interested maintained under Section 189 of the Act and the relevant documents referred to in the Notice will be available electronically for inspection by the Members during the AGM. All the documents referred to in this Notice will also be available electronically for inspection without any fee by the Members from the date of circulation of this Notice upto the date of the AGM.

Members seeking to inspect such documents can send an e-mail to ucwl.investors@jkm.com.

Further, Members seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company on or before 12th August 2021 through email at ucwl.investors@jkm.com. The same will be replied by the Company suitably.
- (7) **Dispatch of Annual Report through electronic mode:** In compliance with the MCA Circulars and

SEBI Circulars, Notice of the AGM along with the Annual Report 2020-21 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depository Participants (DP). Members may note that the Notice and Annual Report 2020-21 will also be available on the Company's website at www.udaipurcement.com; website of the Stock Exchange i.e. BSE Limited at www.bseindia.com. Notice is also available on the website of Depository i.e. Central Depository Services (India) Limited (CDSL) at www.evotingindia.com.

For receiving all communication (including Annual Report) from the Company electronically:

- (i) Members holding shares in physical mode and who have not registered/updated their email address with the Company are requested to register/update the same by writing to the Company with details of folio number and attaching a self-attested copy of PAN card at ucwl.investors@jkm.com or admin@mcsregistrars.com;

 - G. In the event of inadequacy or absence of profits under Section 197 and other applicable provisions of the Companies Act, 2013 (Act) in any financial year or years, the Whole-time Director shall be entitled to such remuneration as may be permissible under the applicable provisions of the Act, as specified in paras A & B above, as minimum remuneration and be also entitled to perquisites mentioned in paras C, D and E above, which shall not be included in the computation of the ceiling on minimum remuneration in terms of provisions of Section IV of Part II of Schedule V to the Act or any statutory modification or re-enactment thereof.
6. Comparative remuneration profile with respect to industry, size of the company, profile of the position and person: The executive remuneration in the Industry is on the rise. The Nomination and Remuneration Committee of Directors of the Company constituted by the Board in terms of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, perused remuneration of managerial persons prevalent in the industry and other companies comparable with the size of the Company, industry benchmarks in general, financial position of the Company; past performance, profile and responsibilities of the aforesaid Whole-time Director and other relevant factors while determining his proposed remuneration.
7. Pecuniary relationship directly or indirectly with the Company or relationship with the managerial personnel, if any: Besides the remuneration proposed herein, Shri Naveen Kumar Sharma does not have any pecuniary relationship with the Company. Shri Sharma is not related to any Director or Key Managerial Personnel of the Company, within the meaning of the Act.
- III. Other Information:**
1. Reasons of loss or inadequate profits: At present, the Company is having adequate profits. However, the appointment is for a term of three years commencing 1st October 2021. Future trend in Company's profitability will largely depend on state of Economy in general and the Cement Industry in particular, business environment, growth in demand, cost of inputs and other relevant factors.
 2. Steps taken or proposed to be taken for improvement and expected increase in productivity and profits in measurable terms: The Company is conscious about enhancing productivity in all spheres of its operations and has taken various initiatives towards cost control in all systems and processes and efficiency improvement on one hand and increasing market share through introduction of Better Product Mix and strengthening Brand Building exercise, on the other. The Management has adopted focused business strategies to improve the sales and profitability, resulting in the Company achieving an impressive growth during the Financial Year 2020-21 with a Turnover of ₹ 737.66 Crore and a Net Profit of ₹ 54.74
- Based on the stupendous performance of the Company during the Financial Year 2020-21, the Market Cap of the Company has also jumped from ₹ 234 Crore as of 31st March 2020 to over ₹ 800 Crore as on date.
- Capacity Augmentation: During the Financial Year 2020-21, the Board of Directors has approved the Project for Setting-up of an additional Clinker Unit having Capacity of 1.50 Million Tonnes Per Annum with Waste Heat

Recovery System at the Plant in Udaipur, Rajasthan. The Board also approved setting-up of additional Cement Grinding Units with Capacity of 2.50 Million Tonnes Per Annum. With this Expansion Project, the Company's Total Cement Capacity would go up to 4.70 Million Tonnes Per Annum and would enable the Company to strengthen its Market presence. With these measures, the Management is confident to achieve sustained revenue growth in the years to come.

3. The Company has not made any default in repayment of any of its debts or interest payable thereon in the preceding Financial Year.

IV. Disclosures: Requisite details with respect to remuneration of Managerial Personnel and other connected matters are given in the Corporate Governance Section of the Annual Report for the Financial Year 2020-21.

Copy of the draft Contract/Memorandum setting out the terms and conditions of the re-appointment of the Whole-time Director, would be available for inspection by the Members at the Registered Office of the Company on any working day upto and including the date of the AGM.

Shri Naveen Kumar Sharma for himself and his relatives, to the extent of their shareholding, if any, in the Company, may be deemed to be concerned or interested, financially or otherwise, in the Resolution. None of the other Directors, Key Managerial Personnel of the Company and/or their relatives are in any way concerned or interested, financially or otherwise, in the said Resolution.

The Board recommends the Resolution as set out at Item No. 4 of the Notice for approval of the Members by means of Special Resolution.

Item No. 5

The existing Articles of Association ("AOA") were adopted by the Company at the time of its incorporation in 1993 and are based on the provisions of the erstwhile Companies Act, 1956. Subsequently, some of the clauses were amended/inserted, from time to time, to cater to specific requirements. Consequent to the enactment of

the Companies Act, 2013 (the Act), the regulatory provisions have undergone comprehensive changes which have necessitated several amendments in AOA of the Company including deletion of certain redundant Articles. Accordingly, the Board of Directors of the Company (the "Board") at its meeting held on 15th May 2021, recommended for approval of the Members for adoption of new AOA in substitution of existing AOA to make it consistent and align it with the provisions of the Act and the Rules made thereunder. Copy of the proposed AOA is available on the website of the Company at www.udaipurcement.com and would be available electronically for inspection by the Members from the date of circulation of this Notice upto the date of the AGM.

As per the provisions of Section 14 and other applicable provisions, if any, of the Act read with the Companies (Incorporation) Rules, 2014, approval of the Members of the Company by way of a Special Resolution is required for alteration of AOA by adoption of new AOA in substitution of existing AOA. Accordingly, the Board recommends the Resolution as set out at Item No.5 of this Notice for approval by the Members by means of Special Resolution.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives, except to the extent of their shareholding in the Company, if any, is concerned or interested, financially or otherwise, in the said Special Resolution.

Item No. 6

It may be recalled that at the Annual General Meeting of the Company held on 17th August 2019 (AGM), the Members gave approval for entering into Related Party Transactions (RPTs) with JK Lakshmi Cement Limited ('JKLC/Holding Company') from the Financial Year 2019-20 and onwards, upto a limit of ₹ 1,500 Crore, in each Financial Year, in the ordinary course of the Company's business, subject to requisite approval of the Audit Committee of Directors of the Company, in each relevant financial year.

The Board of Directors of the Company at its Meeting held on 22nd October 2020 had approved a New Expansion Project ("Project") of the Company

at a Capital Outlay of approx. ₹ 1,400 Crore for Setting-up of an additional Clinker Unit having Capacity of 1.50 Million Tonnes Per Annum with Waste Heat Recovery System at existing Plant in Udaipur, Rajasthan and for setting-up of additional Cement Grinding Units with Capacity of 2.50 Million Tonnes Per Annum. With this Expansion Project, the Company's Total Cement Capacity would go up to 4.70 Million Tonnes Per Annum and would enable the Company to strengthen its Market presence. The said Project shall be implemented with the requisite financial and other support of JKLC, including by way of providing Corporate Guarantee on behalf of the Company in favour of its lenders for the Term Loans to be obtained by the Company for the said Project and to make Promoters' Contribution, as may be required in connection therewith.

The support by JKLC to the Company for its Expansion Project shall be over and above the transactions being entered into by the Company with JKLC in the ordinary course of business.

Pursuant to Regulation 23 of the SEBI Listing Regulations, a transaction with a related party shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company. Accordingly, the proposed transactions with JKLC for the Expansion

Project shall be treated as Material Related Party Transactions. Therefore, approval of the Members will be required, pursuant to Regulation 23 of the SEBI Listing Regulations.

For administrative convenience, it is considered desirable to obtain one time omnibus approval of the Members for RPTs to be entered into with JKLC in connection with said expansion Project being implemented by the Company, over a period of four Financial Years, commencing from 1st April 2021 and ending on 31st March 2025 as mentioned in the Resolution. It may be mentioned that this will be over and above the RPTs of ₹ 1,500 Crore in the ordinary course of business as already approved by the Members at the AGM held on 17th August 2019.

The Board recommends the Resolution as set out at Item No.6 of the Notice for approval of the Members by means of an Ordinary Resolution.

Smt. Vinita Singhania, Chairperson of the Company who is also Vice Chairman and Managing Director of JKLC and her relatives, including Shri Shrivats Singhania, Director of the Company, to the extent of their shareholding in the Company, if any, may be deemed to be concerned or interested, financially or otherwise in the said Resolution. None of the other Directors or Key Managerial Personnel of the Company and/or their relatives, are, in any way, concerned or interested, financially or otherwise in the said Resolution.

WE RISE BY LIFTING OTHERS.

For Udaipur Cement Works Limited (UCWL), business priorities co-exist with social responsibility and commitments to help needy and marginalized people in the society. The Company formed a “Quick Response Team” that monitored, supported and ensured prompt response towards continuous precautionary & preventive measures with respect to Covid-19.

In its fight against the pandemic the company collaborated with local panchayats and Udaipur district administration in Rajasthan, by supporting the local communities around its plant: helping migrants and contractual labourers.

The company has also responded to “Mask shortage” in a unique way through cotton masks production by local women and distribution in the villages/Panchayats, maintaining hygiene and social distancing norms. These women had been trained in tailoring and stitching as a part of its CSR initiatives towards women empowerment.

The company distributed Food Kits to the most needy families in the villages around its plant. Medical Camps were organized for contractual workers as well as at nearby villages, where free of cost medicines were provided to the patients.

Sanitizer bottles were distributed with the help of local Panchayats. Cotton masks and sanitizers were provided to truck drivers and other vendors as well.

The company has quickly and strongly responded to this unprecedented humanitarian crisis.
