# JK LAKSHMI WALL PUTTY WATER GUARD FIGHTS DAMPNES FOR A BEAUTIFUL HOME

JK Lakshmi Cement Ltd, a member of prestigious JK organisation, believes in offering **SMART BUILDING SOLUTIONS FOR BETTER LIVES**. To meet this vision, company offers several products such as cement on various grades, different varieties of Ready-Mix Concrete, Gypsum Plaster, Gypsum Bond, AAC Blocks, Mortars, etc.

Continuing this endeavour, company has now introduced **JK Lakshmi Water Guard Wall Putty** as a revolutionary solution to walls during damp weather conditions. It plays a dual role of premium wall putty & is resistant against water & dampness. It is typically a filler / sealing agent and applied before painting of the wall in both internal & external applications. It is made using high purity & premium grade white cement, superior high strength polymers, etc. Water Guard wall putty gives a strong base to surface which prevents paints from flaking.
